ASX ANNOUNCEMENT

Completion of Strategic Business Asset Purchase by Threat Protect

Highlights:

- Threat Protect has acquired two leading security businesses for a total of \$750,000.
- Acquisitions forecasted to add additional revenue of over \$7.0 million.
- Immediate increase in Company's bottom line.
- Provides significant commercial and government client bases both NSW and WA.
- Acquisitions consistent with Company's strategy to deliver integrated security services.

As announced to the market on 9 February 2016, Threat Protect Australia Limited ('**Threat Protect**' or '**Company**') is pleased to advise that it has now completed the acquisition of Sydney based Integral Risk Group ("IRG") – following on from the purchase of Perth based Australian Event Protection ("AEP").

It was a well considered strategic acquisition into the Eastern states securities market, with IRG provides security personnel and advisory services to some of Sydney's leading retailers and other commercial operations.

The growth opportunities presented by the IRG acquisition are particularly attractive given that this acquisition represents Threat Protect's first move into the Eastern States security market.

The acquisitions are earnings-accretive from settlement, with scope for further growth leveraging Threat Protect's existing infrastructure.

As per the agreement, the Company paid \$250,000 in cash in February 2016, and has now issued to the Vendor 16.66 million shares at 3c for a value of \$500,000. (**Refer attached Appendix 3B.**)

It will also pay a performance fee equal to 10 per cent of non-contracted revenue generated by IRG and AEP for the 12 months to June 2017.

Details of the Acquisitions

- IRG and AEP both have an established client base comprising corporate and government organisations. The majority of their revenue is contractually committed, providing both earnings transparency and strong underlying relationships which will provide a foundation from which to supply additional security services.
- The two businesses have combined forecast annual revenue of \$7.7 million of which \$4.7 million is contracted while a further \$3 million in revenue is expected to be generated from non-contract work.
- Threat Protect has retained the key executives of IRG and AEP who are providing exceptional management to the businesses.
